III. Prerequisites, Conditions and Process of Concluding Contracts on Broadcasting of Commercial Communications and Changes Thereto

- 1) By delivering an Order to Media Club, the Customer agrees with these Commercial Terms. Unless Media Club determines otherwise, the Customer shall generally send Orders for the individual months of the calendar year, upon determination of Media Club, either (i) in the way enabling distant access in electronic order system determined by Media Club, or (ii) in a standard Media Club order form, which is an annex to these Commercial Terms, unless the parties agree otherwise. Upon request, the Customer shall immediately deliver to Media Club a signed copy of the order.
- 2) A prerequisite of the existence of a contract on the broadcasting of a commercial communication in a Media Club TV Channel between Media Club and the Customer is that Media Club takes the following steps with regard to the Customer's Order:
 - a. Accept the Order without reservation. Acceptance of an Order shall be also considered the sending of a broadcasting schedule within an Order (hereinafter referred to as "Spotlist") in accordance with the requirements of the Customer specified in the Order, and in accordance with these Commercial Terms; in the given case, a contract shall be concluded at the moment the simple accept without reservation or the Spotlist is sent to the Customer; the Customer shall only be entitled to make changes to an accepted Order via a counterproposal delivered to Media Club. If Media Club does not accept the counterproposal, the contract shall not be concluded and/or an amendment to the contract shall not be agreed to; or
 - b. Process the Order and deliver to the Customer a counterproposal for concluding a contract, an annex to which shall be the Spotlist; a counterproposal for concluding a contract shall be effective for 72 hours from its delivery, and if it is not accepted by the Customer within this time period, its effect shall be terminated; in such a case the Contract shall be concluded at the moment of the acceptance of the Spotlist by the Customer; the Spotlist shall be accepted by the Customer upon the sending of an email message expressing consent with the Spotlist sent by Media Club; if any doubts arise, it shall be considered that the Customer accepts the Spotlist that was delivered to it via email to which it responds; if this rule cannot be used, then the last Spotlist that was delivered to the Customer in the response to the relevant Order by Media Club; delivery of the aforementioned Spotlist or Spotlist accepted with reservation shall be considered a counterproposal to concluding a contract and shall be regarded as a new Order;
- 3) A prerequisite for accepting an Order by the Customer for the broadcasting of commercial communications on Media Club TV Channels is that the Order specifies: a) the exact name (brand) of the product or service, or other product or other Subject of Advertisement, b) the duration of the Advertising Campaign, c) the length of the Spot, and d) the price per sold unit. If this is not an Advertising Campaign planned for target groups, the Order must also contain e) specification of the placement of the Spots, f) the number of ordered GRPs in Prime Time, g) the number of ordered GRPs in Off Prime Time h) the GRP ratio (in percentage) for placement

in individual television channels within Media Club TV Channels; the GRP ratio ordered in Prime Time and Off Prime Time for each individual Media Club TV Channel must respect both the mutual GRP ratio referred to in the Order according to letters f) and g) above, and the natural division of GRPs/TRPs in the individual time parts on the TV Channels in question.

- 4) A prerequisite for accepting the Customer's Order shall also be a written communication of the identification data about the ordering party and processor pursuant to Act No. 40/1995 Coll., on Advertisement Regulation (hereinafter referred to as "AAR"), at least in the scope of the name, identification number and Registered Office. The Customer shall be responsible for the truthfulness, completeness and accuracy of such data.
- 5) The number of GRPs/TRPs and other binding data specified in an Order shall be binding for the Customer, and may only be changed upon an agreement with Media Club. The possibility to accept an Order or Spotlist with an addendum or deviation pursuant to section 1740 (3) of CC is excluded.
- 6) If an Advertising Agency orders the broadcasting of a commercial communication, it shall also submit along with the Order a written authorization of the Client to the Advertising Agency to send such an Order.
- 7) Media Club reserves the right to not conclude a contract with the Customer on the broadcasting of a commercial communication for any reason, as well as the right to refuse the broadcasting of a commercial communication after concluding a contract, if, based on the consideration of Media Club or the Broadcaster, the spot does not meet the Technical Conditions (see paragraph 4.1), or if the broadcasting of a commercial communication could lead to the following with regard to its origin, content or form:
 - a. Violation of the law, in particular ARTB or AAR,
 - b. Breach of obligations set out by the license for broadcasting of the relevant Media Club TV Channel,
 - c. Potential sanctions against Media Club or the Broadcaster by third parties (e.g. owners of rights, tenderers, etc.) or public authorities,
 - d. Violation of the Code of Advertising of the Advertising Council or other self-regulatory regulations or ethical rules,
 - e. Breach of the legitimate interests of Media Club or the Broadcaster in relation to third parties.

In such a case Media Club shall ask the Customer to provide a modified or alternate spot that does not contradict the aforementioned conditions and is in accordance with these Commercial Terms and technical conditions for including the spot in the broadcasting determined by the relevant Broadcaster (hereinafter referred to as "Technical Conditions"). If the Customer fails to provide a modified or alternate spot before its scheduled date of Broadcasting, Media Club shall be entitled to automatically withdraw from the relevant contract with immediate effect. Regardless of whether or not Media Club withdraws from the contract, Media Club may in such a case request the payment of a contractual penalty in the amount of the agreed price for the relevant broadcasting of a commercial communication or agreed sponsorship contribution.

- 8) Media Club shall not be obliged to accept a Customer's order. In particular, Media Club reserves the right to not accept an Order that exceeds the limits for the number of GRPs / TRPs for individual target groups defined in the Price List. These limits are set out for one Customer, one order, one calendar month, one calendar week and one calendar day, unless otherwise stipulated in the Price List. The Customer acknowledges that it will increase its chances to have an Order accepted over the limits in the previous sentence if the Customer discusses the matter beforehand with the Director of Media Club.
- 9) Media Club shall not unreasonably refuse the Customer's request to decrease the total volume of an Advertising Campaign by less than 10% of the total price of the Advertising Campaign; this shall only apply to a single request of such nature relating to the relevant Advertising Campaign. The total price for the Advertising Campaign for the specific Customer in relation to the specific Client arises from the relevant contract. When calculating the total price of the Advertising Campaign, surcharges, discounts or other modifications of the Price List prices or prices agreed to between the Contracting Parties shall also be taken into consideration.
- 10) If the Customer requests a decrease in the total volume of an Advertising Campaign by 10% or more of the total price of the Advertising Campaign calculated according to the previous paragraph, or if the Customer requests a decrease in the volume of an individual Advertising Campaign by less than 10% repeatedly, a prerequisite for concluding an agreement on such a decrease in the total volume of the Advertising Campaign shall be that the Customer pays Media Club lump sum damages in the amount determined in accordance with Article IV, paragraph 23) of these Commercial Terms. In order to avoid doubts, the Contracting Parties expressly agree that even in this case Media Club may refuse to conclude such an agreement on a decrease in the total volume of an Advertising Campaign without having to provide a reason. For Advertising Campaigns planned "for reality," the estimates of Media Club shall be considered the data on the price of the Advertising Campaign. Arrangements under this paragraph shall also apply to sponsoring, whereas the price (amount of sponsorship contribution) shall be determined by Media Club in its offer of terms for sponsoring individual shows or channels.
- 11) The Customer shall conclude a contract on the broadcasting of a commercial communication on Media Club TV Channels in its own name and on its own behalf. If it is agreed in writing with the Director of Media Club, the Customer may conclude a contract in its own name and on the account of another.
- 12) Should an Advertising Campaign extend to more calendar months and the Customer does not expressly warn of it in the Order, the Order is for more Advertising Campaigns, related to each calendar month in question.
- 13) Media Club shall issue Special Commercial Terms and Conditions regulating issues relating to long-term volume obligations of the Customer.

IV. Rights and Obligations of the Parties

- 1) The Customer shall submit a spot for the broadcasting of Media Club TV Channels (see Article 2, paragraph whose content, form and design are in accordance with valid and effective legal regulations and licenses for the broadcasting of the relevant television channel (the text of licenses is publically available at www.rrtv.cz). A commercial communication submitted for broadcasting must also meet the Technical Conditions for Production of Commercial Spots, Sponsor Messages and Teleshopping Intended for Dispatch to FTV Prima Distribution Network and the Technical Conditions for advertising in the broadcast of TV Barrandov or similar documents of other Broadcasters, who are to broadcast the commercial communication (hereinafter jointly referred to as “Technical Conditions”). All costs and damage incurred by Media Club or the Broadcaster as a result of any breach of this provision shall be fully paid by the Customer, including the cases where the damage arises as a result of the fact that the company Media Club or the Broadcaster were sanctioned by the regulator, regardless of whether Media Club or the Broadcaster exercised its right not to broadcast the commercial communication or withdraw from the contract for the reason that it does not comply with the law.
- 2) Media Club may change the Technical Conditions, in particular according to real technical requirements for the production of commercial communications. At least 30 days before they come into effect, Media Club shall inform the Customer of changes to the Technical Conditions by e-mail containing an internet link to the new Technical Conditions. A change to the Technical Conditions that leads to an increase in the costs of producing a commercial communication by more than 20% (hereinafter referred to as “Minor Adjustment to the Technical Conditions”) shall not constitute a unilateral change to the Commercial Terms pursuant to section 1752 of CC. In the event of changes to the Technical Conditions beyond the scope of a Minor Adjustment to the Technical Conditions, the Contracting Parties shall agree on the adjustment to the Technical Conditions. If they do not reach an agreement within 14 (fourteen) days from delivery of a notice of such a change to the Technical Conditions, the Customer shall be entitled to terminate the Commercial Contract within a further 14 (fourteen) days following the expiration of the deadline for concluding an agreement. The notice period is 30 (thirty) days and shall begin to run in the month following the month in which the notice is delivered.
- 3) The Customer shall be fully responsible for the content of the commercial communications, including sponsor messages, and undertakes to absolve Media Club and/or the Broadcaster of all claims of any nature exercised by third parties toward Media Club or the operator of a Media Club TV Channel. This means, including but without limitation to, all claims arising from competition law, rights to protection against unfair competition, general personality rights, copyrights and rights related to copyrights, industrial rights and designation rights, unless stated otherwise hereinafter. The Customer undertakes to reimburse the Broadcaster or Media Club for all costs incurred by them in connection with the exercising of such claims by third parties.
- 4) Upon concluding a contract on broadcasting advertisements and teleshopping, or sponsoring, the Customer declares and guarantees that it duly obtained authorization from all owners of copyrights, rights related to copyrights or other rights to intangible assets or personality rights, to include the relevant subjects of protection in the Spot (synchronization rights), as well as authorization for their use by Television Broadcasting on Media Club TV Channels, and that it

has paid remuneration to the owners of these rights for these authorizations in the full amount that they are entitled to. Upon request, the Customer shall be obliged to immediately provide to Media Club copies of relevant contracts on providing usage authorizations and proof of payment of remuneration.

- 5) The declarations and guarantees under Paragraph 4) do not apply to television broadcasting of musical works with or without lyrics whose authors, in terms of the relevant television broadcasting, are represented by the collective administrator, Ochranný svaz autorský pro práva k dílům hudebním (Protective Copyright Association for Rights to Musical Works; hereinafter referred to as “OSA”). Permission for television broadcasting of works by authors represented by OSA shall be obtained on the basis of the relevant collective agreement concluded with OSA by a Broadcaster that shall also pay, via OSA, the appropriate royalties for the television broadcasting of these works on the given TV channel. In order to exclude doubts, it is expressly stated that if this regards permission to include in a Spot works by authors represented by OSA and the authors of previously protected works not represented by OSA (synchronization rights), paragraph 4) shall apply; the Customer shall therefore be obliged to obtain such permission directly from such authors and pay them royalties for such use that they are entitled to. If for such use the author is represented by OSA, the Customer shall do so through OSA. Paragraph 4) shall also apply to permission for television broadcasting of musical works if this means authors of music with or without lyrics not represented by OSA; the Customer shall be obliged to obtain such permission directly from such authors and pay them royalties for such use that they are entitled to.
- 6) In order to exclude doubts, it is expressly stated that the provisions of paragraph 4) shall also apply to audio or audio-visual recordings and the artistic performances that are recorded on them, unless there is the compulsory collective administration and a legal obligation of the Broadcaster. Thus, in the event that any audio or audio-visual recording is used in a Spot, the Customer declares and guarantees that it has obtained from the producers and performers whose artistic performances are recorded on such recording a permission to include these recordings and performances in the Spot (synchronization rights), and for their use during the television broadcasting of a Spot, and has paid the appropriate remuneration for permission to use them in television broadcasting. If a Spot uses a sound recording published for commercial purposes, or a musical audio-visual recording, the Customer shall be obliged to obtain permission for its inclusion in a Spot (synchronization rights) directly from the producer of such a recording, and to pay to the producer remuneration for such use. The Customer shall be obliged to obtain from INTERGRAM the permission to include artistic performances recorded on a sound recording published for commercial purposes, or for a musical audio-visual recording in a Spot, and, through INTERGRAM, the Customer shall also be obliged to pay remuneration for such use; the Customer agrees to submit a copy of the relevant reports for INTERGRAM upon the request of Media Club.
- 7) A Music Set must be submitted to the relevant Broadcaster in the form required by collective administrators. According to the requirements of collective administrators, the Music Set must contain at least the composition title, composer’s and/or lyricist’s names, identification of the interpret, identification of the publisher and year of publishing, and the exact runtime of the music used in the spot and the manner of use.

- 8) If the Customer does not submit to Media Club on time a properly filled-in Music Set or documents pursuant to paragraph 7), Media Club shall be entitled not to include the spot in broadcasting. If this occurs, the Customer shall be obliged pay a contractual penalty in the amount of the agreed price for broadcasting a spot, or in the amount of the agreed sponsorship contribution during sponsoring if the spot is sponsored.
- 9) For each commenced day of delay in providing a duly prepared Music Set or other documents pursuant to paragraphs 7) or 8) above, if the Spot is included in the broadcasting, Media Club shall be entitled to invoice the Customer a contractual penalty in the amount of CZK 1,000.00, and the Customer undertakes to pay it.
- 10) The Customer acknowledges that damages may include contractual penalties or damages invoiced by collective administrators to the relevant Broadcaster in relation to late submission of musical sets or failure to submit them, or reports or their incompleteness, and that such collective administrators shall also request the payment of such contractual penalties retroactively. The Customer declares that it been informed of the deadlines for submitting Music Sets and reports and of the structure and amounts of the contractual penalties proposed by collective administrators, and acknowledges that these data may also be subject to change retroactively. Media Club shall be obliged to inform the Customer about current changes relating to such data within 15 days after Media Club learns of them.
- 11) Media Club is entitled to charge a surcharge determined in the Pricelist in case that the Customer does not prove, within the period for delivery of Materials for broadcasting, that: a) the spot does not include any sound recording issued for commercial purposes (§72 par. 2 of the Copyright Act) and also b) the Customer by itself acquired and settled all necessary usage rights to music works/records/artistic performance included in the spot, including proving of exclusion of effects of the collective agreement in case of the extended collective administration (§ 97e of the Copyright Act).
- 12) All duly prepared Broadcasting Materials must be submitted by the Customer to Media Club, or, if Media Club decides so, directly to the relevant Broadcaster, at the expense and risk of the Customer, 5 business days before the beginning of the first broadcasting of a spot at the latest.
- 13) If the Customer does not submit a Schedule by the agreed deadline, Media Club or the Broadcaster shall be entitled to select for the broadcasting of a commercial communication any Spot Recording on their own, and such a selection on their part shall not constitute a breach of the contract and shall not affect the agreed price.
- 14) For each commenced day of delay in submitting a Spot Recording with the aforementioned properties, Media Club shall be entitled to invoice the Customer a contractual penalty in the amount of 5,000 CZK. In the event of the failure to adhere to the terms relating to the aforementioned properties of a Broadcasting Record that prevents the inclusion of a commercial communication in broadcasting, the Customer shall be obliged, in addition to the contractual penalty pursuant to the previous sentence, to pay to Media Club an additional contractual penalty in the amount of the agreed price for broadcasting commercial communication or the

amount of sponsorship contribution if the spot is sponsored, and the Customer undertakes to pay such contractual penalties.

- 15) If the Customer fails to adhere to the agreed footage of the commercial communication or sponsor message, Media Club or the relevant Broadcaster shall be entitled not to include the commercial communication or sponsor message in the broadcasting of the relevant Media Club TV Channel; however, the Customer shall be obliged to pay a contractual penalty in the amount of the agreed price of the broadcasting of a commercial communication or sponsorship contribution amount if the spot is sponsored.
- 16) Media Club is entitled to archive the Spot Recordings for internal purposes for an unlimited period of time.
- 17) The Broadcaster may make programme changes according to its needs. Should the commercial communication, pursuant to an existing contract, be closely bound to an individual programme (i.e. to be broadcast immediately before or after such a programme, or included in such a programme), Media Club shall inform the Customer of such changes in beforehand; as such informing by Media Club is considered also publishing by the Broadcaster on its web pages www.iprima.cz or other web pages, which Media Club inform the Customer of. In the event of programme changes, Media Club shall be entitled to change the placement of the commercial communication according to its consideration.
- 18) Media Club delivers and the Customer undertakes to order, unless agreed otherwise in the relevant commercial contract on the broadcasting of commercial communications on Media Club TV Channels, GRPs / TRPs in accordance with the Distribution Ratio for individual TV Channels set out in the Price List; if the scope of an individual order is less than 10 GRPs / TRPs, Media Club shall be entitled to carry out such a campaign as an Advertising Campaign so called "for reality." Such limitation applies also to Advertising Campaigns extending to two calendar months, however, in case an Advertising Campaign is commenced by the end of one calendar month, and immediately continues from the first day of the following calendar months and its whole duration is at least seven Broadcasting Days, the limitation pursuant to the previous sentence shall not be applied. Should an Advertising Campaign extend to more calendar months and the Customer does not expressly warn of it in the Order, it is an Order of more Advertising Campaigns related to each calendar months in question; therefore, it can be the case that the individual Advertising Campaigns related to the calendar months in question will be possible to be ordered only "for reality" pursuant to the second sentence of this section.
- 19) If a Commercial Contract includes express arrangements on deviations from the mode of Distribution Ratio for individual TV Channels, and on basis of a change of the Pricelist, any of the modes of the Distribution Ratio for individual TV Channels, which is applied in the Commercial Contract, are adjusted, then on the day of effectiveness of the change of the Pricelist, also the provisions on changes from the mode of the Distribution Ratio in particular TV Channels are changed, according to the following rules:
 - a) After change of sizes of shares of particular TV Channels in the new Pricelist, Media Club shall always endeavour to maintain the agreed deviations from the mode of Distribution Ratio in individual TV Channels, also proportionally for the

mode after change of the Pricelist with necessary adjustments specified hereinafter, in order the sum of the shares is 100 %,

- b) in case the size of the share of the given TV Channel in the mode affected by the change of the Pricelist after considering the original deviation would be zero or negative, the ratio of the deviation of the given TV Channel from its share in the mode according to the original Pricelist with the result rounded to a decimal place shall be maintained in the mode affected by the change of the Pricelist (*example: for TV channel X the size of 5 % was determined in the original Pricelist in the affected mode and the deviation in the Commercial Contract was 3 pc points, i. e. the size of the agreed deviation of the share of TV Channel X was 60%; new TV Channel Y was included in the mode affected by the change and as a result thereof, the size of the share of TV Channel X decreased to 2 %, i. e. after considering of the agreed deviation, the negative size of the share of the TV Channel was achieved, a new size of the share of the TV Channel for the Customer would be in the same ratio of the deviation as the original mode, i. e. 60 % from 2 %. Therefore the new deviation would be – 1.2 % and the ratio of the TV Channel X will be 0.8 %*),
- c) in case that a deviation in the Commercial Contract was agreed, which means that differently from the Pricelist for the Customer, any of the TV Channels was not included in the given mode of the Distribution Ratio in the particular TV Channels, the TV Channel affected by the change will not be included in the given mode, not even after change of the Pricelist,
- d) in case a new TV Channel is added in the mode of the Distribution Ratio in the individual TV Channels affected by the change of the Pricelist, the size of the share of this new TV Channel according to a newly effective Pricelist shall apply without any deviation,
- e) in case a TV Channel is removed from the mode of the Distribution Ratio in particular TV Channels by a change of the Pricelist, its share for the Customer is 0 % and the deviation is 0 pc points, i. e. the given TV Channel is not included in the mode for the Customer any more,
- f) if, after change of the Pricelist and application of the rules hereinabove, the sum of the sizes of the shares of the particular TV Channels in the affected mode of the Division Ratio in individual TV Channels is lower or higher than 100 %, the remaining or excess share will always be considered in the size of the share of Prima TV Channel, in order the affected mode of the Division Ratio in the individual TV Channels would in total achieve 100 %, i. e. the size of the share of TV Prima will be increased or decreased in order the sum of the shares would be 100 %.

- 20) Unless specified otherwise in the relevant contract on broadcasting of commercial communications in Media Club TV Channels, and/or if the Advertising Campaign is not planned for a target group, the Customer renders, within individual Advertising Campaigns, 20% of the total volume of GRPs/TRPs for placement by Media Club. Placement of such spots shall be exclusively subject to the possibilities of Media Club or the Broadcaster. Media Club shall endeavour to provide such placement that complies with the overall nature of the relevant Advertising Campaign, and will as much as possible respect the Prime time / Off Prime time division pursuant to the Order and also the distribution to individual TV Channels. A different

placement of such Advertising Spots than according to the previous sentence is, however, not considered to be a breach of contract by Media Club. If any of such Spots are rendered to placement by Media Club and subsequently in fact rendered by Media Club to placement by Customer, their legal mode according to this paragraph shall be not affected thereby.

- 21) Media Club may not invoice GRPs/TRPs broadcasted beyond the total price according to an Order to the Customer if it would lead to broadcasting GRPs/TRPs beyond the order due to a default on part of Media Club or the Broadcaster. Broadcasting GRPs/TRPs beyond an order shall not be considered to be a breach of a contract between Media Club and the Customer. Media Club shall be entitled to payment of the GRP/TRP price beyond the total price according to an Order if the price given by the number of GRP/TRP exceeds the price according to the order by 5% or more, and if such exceeding of the total price occurs for Advertising Spots planned by the Customer or in cases wherein, according to measurements, higher ratings are achieved, compared to the expectation at the time of the Order.
- 22) Should bonus GRPs/TRPs (overdelivery or OVD) be a part of an Order or contract, Media Club proceeds as to their placement and delivery the same way as in the case of Spots rendered to placement by Media Club. A possible non-delivery of bonus GRPs/TRPs on part of Media Club does not constitute a breach of the contract and does not have any impact on the price of the Advertising campaign.
- 23) Media Club is entitled to deliver GRP/TRP in the value of 20% of the total price according to an Order or a Contract in other broadcasting time (Prima time / Off Prime time), than included in an Order / Contract; such differently broadcasted Spots shall be charged in prices according to the actually delivered broadcasting times of Prime time / Off Prime time up to the total amount of the price according to an Order or Contract. If a contract or Order of an advertisement includes a percentage expression of the ratio of the GRPs/TRPs ordered for the individual Media Club TV Channels, Media Club shall be entitled to provide GRPs / TRPs at the maximum value of 20% of the total price specified in an Order or Contract for the relevant Advertising Campaign on a different Media Club TV Channel than that which is included in an Order or Contract. If the Customer expressly requests so, Media Club shall be entitled to increase, for the specific Advertising Campaign, the percentage data according to this paragraph up to the amount requested by the Customer.
- 24) If the Customer does not meet the agreed obligation to actually order broadcasting of commercial communications in certain volume (expressed in the total price) for a certain period, the Customer undertakes, within 15 days of the date of the expiration of the period in which the commercial communication was to be broadcast, to pay a contractual penalty in the amount of 100% of the financial difference between the price of the agreed volume level (expressed in the total price), purchase of which it was obliged to, and the price of the commercial communication for which the relevant purchase was carried out, at the price level not including VAT.
- 25) If the Customer does not fulfil the guarantees expressly specified in the Commercial Contract, Media Club may additionally invoice the Customer the amount according to the Commercial Contract corresponding to a discount or another benefit provided to the Customer on the basis

of the relevant partial guarantee, to which the Customer did not become entitled due to its failure to adhere to the relevant partial guarantee.

- 26) Media Club shall determine the e-GRPs share in the Pricelist or a Commercial Contract in the applicable Mode of distribution of the commercial communications for each target group and it is entitled to increase such a share by further 3 percentage points for each Advertising Campaign. In this maximum extent, the fulfilment of the Customer provided in framework of the audio-visual media services on demand (regardless of the technical platform or placement at a particular programme) shall be considered to be the fulfilment provided in framework of the television broadcasting. Orders of such fulfilment, considered to be the fulfilment in framework of the television broadcasting, shall not be included in the fulfilment of the volume obligations of the Customer relating to other media types than the television broadcasting.

V. Broadcasting Conditions and Price Terms; Content of Contracts

- 1) Media Club sets the prices for the purchase of commercial communications as CPP (cost per point) for individual Clients, and then in accordance with this, it sells Advertising Campaigns in relation to performance in the target group Adults 15–69, or in relation to performance in other target groups (e.g. women 25–54). Based on its decision, Media Club may sell Advertising Campaigns and determine the relevant price by another method, e.g. price for broadcasting 1 spot.
- 2) Unless the Parties agree on a different price in writing, the price set out in the Price List shall apply.
- 3) The Customer shall pay the price according to the number of actually achieved units. A surcharge on the price of the agreed spot shall be invoiced for the requested position of the spot in the advertising slot. The amount of the surcharge shall be determined in the Price List
- 4) A surcharge in the amount according to the Price List shall be invoiced for the broadcasting of an alliance spot. The length of the presentation of another Client or brand in the alliance spot may not exceed 20 % of the length of the relevant commercial communication.
- 5) Other potential discounts or surcharges are included in the Price List.
- 6) The following special conditions shall apply to the broadcasting of commercial communications planned for target groups:
 - a. Media Club determines the prices of CPP for target groups; this price shall only be applied for determining the price of Advertising Campaigns planned for the relevant target groups.
 - b. An Order must contain especially the number of TRPs in the relevant period (a calendar month at the most), the target group, the price per unit and the duration of the Advertising Campaign.

- c. For commercial communications planned for target groups, it is not possible to order a Spot position within an advertising slot.
- d. Media Club shall exert maximum effort to ensure that the ratio between delivered GRPs / TRPs in Prime Time and Off Prime Time corresponds to the natural ratio of delivering GRPs / TRPs in Prime Time and Off Prime Time in a given target group on Media Club TV Channels, and that the ratio between GRPs / TRPs delivered on individual television channels corresponds to the average ratio of delivering GRPs / TRPs on individual Media Club TV Channels.

Commercial communications planned for target groups can be ordered concurrently with other commercial communications. However, within one calendar month for one product or brand, it is not possible to combine Advertising Campaigns planned for a target group and standard Advertising Campaigns planned by the Customer.

- 7) In order to calculate the prices of the performance actually provided by the Broadcasters, Media Club shall use the official data from Ratings Research. If for any reason the official data from the Ratings Research is not available, such data shall be replaced by estimates of rating points for the relevant advertising slots drawn up by the Broadcaster, which in such a case shall be available at the Registered Office of Media Club, or with the relevant Broadcasters. From the date announced by Media Club on its website, the rating of a slot in the defined target group shall be charged for the days of the campaign broadcast, in compliance with the definition of official viewer ratings by ATO rounded off to three decimal places. The rating of each slot shall also include its so called "live viewer rating", as well as the „postponed viewer ratings“, during the same Broadcasting Day (TS0 i.e. VOSDAL – Viewed On the Same Day As Live) and during three subsequent Broadcasting Days (TS3). As regards audio-visual media services on demand, considered to be television broadcasting according to these Commercial Terms, for purposes of calculation of the prices for the actually provided fulfilment on part of the Broadcasters, Media Club proceeds on basis of the official data from the AdCross analysis in the KITE software. In case the official data from the AdCross analysis are not available due to any reasons, they will be replaced by the Media Club statistics. The Customer is entitled to verify correctness of measuring of advertising impressions by own measuring codes. For purposes of consideration of progress and result of the campaign in framework of the audio-visual media service on demand, considered to be the television broadcasting according to these Commercial Terms, the statistics of Media Club shall be decisive; as regards other issues, the General Commercial Terms and Conditions for Contracts on Internet Advertising shall apply to investigation of progress of such a campaign and complaints.
- 8) If the relevant contracts on broadcasting of commercial communications specify the number of GRP without specifications of placement in specific advertising slots, or if an Advertising Campaign is planned for target groups, Media Club shall ensure, via Broadcasters, the broadcasting of a spot until the ratings for the spots achieve at least the number of units for which the contract was concluded. However, a spot shall not be broadcast for longer than the agreed period of the Advertising Campaign pursuant to the contract. If the number of achieved units does not reach the mutually confirmed number pursuant to the contract, the Customer shall only pay for the number of units achieved.

- 9) Unless stipulated otherwise in these Commercial Terms, In the event of dispute, these Commercial Terms shall take precedence over the Price List. Media Club is entitled to change the Price List. Changes to the Price List shall be announced in advance at least 30 days before coming into effect by an email message that contains the new Price List, or the internet link to the new Price List. If such a change to the Price List is caused by the termination of the representation of some of the Media Club TV Channels, the period for announcing such changes may be less than 30 days before coming into effect. Changes to the Price List shall not constitute a unilateral change to the Commercial Terms pursuant to section 1752 of CC, if its individual items change in both directions within the scope of the maximum of 20 % (e.g. from a value of 10 to a value of 8 or 12, or from a value of 1% to a value of 1.2% or 0.8%; hereinafter referred to as "Price Adjustment"). In the event of changes to the Price List beyond the Price Adjustment, the Contracting Parties shall agree on the change to the Price List; if an agreement is not reached within 14 (fourteen) days of the delivery of a notice of such a change, the Customer may terminate the Commercial Contract within a further 14 (fourteen) days following the expiration of the deadline for concluding an agreement. The notice period is 30 (thirty) days and shall begin to run in the month following the month in which the notice was delivered.
- 10) Confirmed terms according to an order relating to the specifications of the placement of spots shall be respected to the maximum possible extent that can reasonably be required in view of potential programme changes.
- 11) Prices do not include VAT. VAT in the statutory amount shall be added to the invoiced amounts.
- 12) A condition for the establishment of a right to the discount agreed to in a Commercial or another contract shall be that the effect of the Commercial Contract or other contract was not terminated before the expiration of the originally agreed period of effect.
- 13) Section 1933 (1) of CC shall not apply to the legal relationships regulated by these Commercial Terms. If the Customer is indebted to Media Club for the fulfilment of the same type from several obligations, and the Customer does not specify in its fulfilment to which obligation the fulfilment applies, the fulfilment shall first be offset against the liability that is least secured. In the event of the same level of securing of several liabilities, the fulfilment shall first be offset against the liability that is due first.
- 14) Section 1952 (2) of CC, shall not apply to the legal relationships regulated by these Commercial Terms.

VI. Payment Terms

- 1) Invoices shall be issued within 14 days of the date of the taxable event. Unless the contract stipulates otherwise, a payment arising from them shall be due within 30 days of the date of the relevant taxable event. The payment date means the date of the crediting of the funds to the bank account of Media Club. An integral annex to the invoice is a description and schedule of the carried-out fulfilment. If the Customer does not pay the price by the due date, Media Club

shall be entitled to invoice, in addition to the invoiced amounts, a contractual penalty for each day of delay in the amount of 0.1% of the owed amount, and the Customer undertakes to pay it.

- 2) Media Club may request the payment of the price before the first broadcasting of a commercial communication. The Customer acknowledges that Media Club requires the payment of the price before the first broadcasting, in particular for Customers who are ordering the broadcasting of a commercial communication with Media Club for the first time

Bank fees arising from the transfer of agreed payments from abroad shall be paid solely by the Customer and shall be charged to the Customer.
- 4) The Customer shall lodge a potential complaint regarding the proper broadcasting of a commercial communication within one month from the delivery of the invoice for the relevant Advertising Campaign, and to specify the claimed defects of the fulfilment; otherwise, the claim for fulfilment defects shall expire. If no record of the relevant part of the broadcasting is available, evidence of the broadcasting shall be considered a specification in the confirmed daily broadcasting plan of the Broadcaster. In the event of a justified claim, the Customer's claim shall be preferentially resolved by the provision of substitute performance.

VII. Special Provisions for Sponsoring

A prerequisite for accepting an order of the Customer relating to sponsoring is that the order includes specifications of the Media Club TV Channel, specification of the exact name and surname of the individual, or name of the legal entity that is the sponsor, and, if Media Club requests so, a graphic symbol (logo) or trademarks of the sponsor or its services, products or other performances or of another object, which is to be promoted within the sponsoring. The Customer acknowledges that the Broadcaster may change its decision regarding the deployment and form of product placement, and that such a change shall not affect the conditions agreed to in the contract on product

placement. Media Club shall inform the Customer about such a change by e-mail. The Broadcaster shall be entitled not to broadcast a show, and in such a case Media Club shall not be entitled to the agreed remuneration. For these purposes, not broadcasting a show means that the show is not broadcast within the period of 6 months of the date of planned deployment set out by the Broadcaster

If the Customer does not do so within the period specified in the previous sentence, it shall be assumed that the Customer agrees with the form of product placement. The Customer shall pay or reimburse to the relevant Broadcaster for the costs it incurs in relation to its potential responsibility arising from the legal regulations regarding television broadcasting or advertising. If the Customer legitimately rejects the form of product placement in the show, the Broadcaster shall be entitled to broadcast the show, but the Customer shall be under no obligation according to the preceding sentence, or be obliged to pay Media Club the agreed price of product placement.
- 5) The Customer acknowledges that all rights and obligations of a provider of television broadcasting and provider of audio-visual media services upon request pursuant to the legal regulations governing these areas apply to the show and notification of product placement.
- 6) The Customer declares and guarantees that in relation to what is to be incorporated within the product placement in the show (i.e. in particular the product or trademark and their form of presentation), the Customer has acquired and settled all permissions (in particular personality rights, copyrights and rights relating to copyright and rights to any intellectual property) necessary for the Broadcaster, or a third party that derives its rights from the Broadcaster, to be able to use the show without material, time-based, territorial, quantitative or any other restrictions ("free hand"). The Customer shall assign all such permissions to the relevant Media Club channel, including permission for further assignment or provision of such permission to the relevant Broadcaster.
- 7) The product intended for placement and all other documents relating thereto shall be submitted by the Customer to the place of recording sufficiently in advance, and at the Customer's own cost. If it is agreed that Media Club shall be obliged to return a product or documents to the Customer, the Customer shall be obliged to take them back at the place of recording and at a time according to the dispositions of Media Club, or of a person designated by Media Club. Media Club shall be responsible for returning products and documents in the condition in which it received them, taking into consideration normal wear and the wear arising from the agreed method of use.

Confirmation of the content of the contract by the Customer has no legal effect pursuant to section 1757 (2) of CC.

- 5) Unless specified otherwise in the contract or these Commercial Terms, the arrangements on a contractual penalty shall not affect the right to damages (including lost profit) in the full amount. Damages shall also be considered to be additional costs associated with the withdrawal of a commercial communication in the event of the premature termination or cancellation of the contract.

Other amendments to the text shall be disregarded.
- 12) Notifications of Media Club addressed to the Customer must at least be in the form of an email message, unless stipulated otherwise by the contract or these Commercial Terms.
- 13) The invalidity of an individual arrangement of the contract on the broadcasting of a commercial communication shall not establish the invalidity of the contract as a whole.
