The Orderer leaves the entire volume of GRP/e-GRP/TRP within the individual Advertising Campaigns of the Orderer to be scheduled by the Supplier, provided that the Supplier may deliver any amount of GRP through e-GRP. As regards Bonus Guaranteed GRPs (OVD G) and Bonus Non-guaranteed GRPs (OVD N), the Supplier determines all the circumstances of the delivery of these GRPs.
- 3.4 The Supplier shall not be entitled to charge the Orderer for GRP/e-GRP/TRP broadcast beyond the scope of the Resulting Price according to the Campaign Agreement, if GRP/e-GRP/TRP was broadcast beyond the scope of the Campaign Agreement for a reason on the part of the Supplier or the Broadcaster. The Supplier is entitled to the payment of the Resulting Price for GRP/e-GRP/TRP even above the Resulting Price according to the Campaign Agreement, if the price given by the number of GRP/e-GRP/TRP exceeds the price according to the Campaign Agreement by 5 % or more, and also if such an excess of the total price occurred in case of Advertising Spots, expressly requested by the Orderer or in cases where, according to measurements, a higher viewership is achieved than it was assumed at the time of the conclusion of the Campaign Agreement.
- 3.5 If arrangements on OVD G or OVD N for GRP/e-GRP/TRP are included in the Campaign Agreement, the Supplier proceeds in their scheduling and delivery in the same way as for Spots left to be placed by the Supplier. Any non-delivery of bonus GRP/e-GRP/TRP by the Supplier shall not be a breach of the Agreement and does not affect the Resulting Price.
- 3.6 The Supplier is entitled to deliver GRP/e-GRP/TRP to the extent of a maximum of 20 % of the volume of the Spots agreed in the Campaign Agreement in a different time zone (Prime Time / Off Prime Time) than is agreed in the Commercial Agreement; Spots broadcasted differently in this way shall be charged at the prices according to the actually delivered time zones of Prime Time/Off Prime Time up to the amount of the Resulting Price according to the Campaign Agreement.

- 4.4 The Supplier is entitled to accept an Order in a form other than the form of the Supplier, if it contains all the requirements stipulated by these Commercial Terms and Conditions for the Order in Article 6. The Supplier will not consider an Order that does not have the requirements required by these Commercial Terms and Conditions.

- 4.7 In case of an e-mail order, the Orderer is obliged to immediately deliver to the Supplier, at the Supplier's option, the Order with a verified electronic signature or a physical signature of the Orderer or a confirmation of the contents of the Order. Additional invoicing will take place in form of a corrective tax document issued by the Supplier on the last day of the Commitment Period according to the Commercial Agreement. The additional payment according to this paragraph shall be due within 15 days as of the date of issue of the corrective tax document of the Supplier.

In such a case, the Supplier is entitled to retroactively charge the Orderer the Resulting Price of the Commercial Communication without such a discount. Additional invoicing will take place in form of a corrective tax document issued by the Supplier on the last day of the Commitment Period according to the Commercial Agreement. The additional payment according to this paragraph is due within 15 days as of the date of issue of the corrective tax document of the Supplier.

- 12.2 The Orderer acknowledges that according to the provisions of § 53a paragraph 2 letter a) of the Broadcasting Act, the content and time of inclusion in the broadcast of programs with Product Placement may not be affected in such a way as to affect the editorial responsibility and independence of the Broadcaster, who decides on the inclusion of the programme in the broadcast and the form of the Product Placement. The Orderer acknowledges that the Broadcaster may change the decision on the form of the Product Placement and the inclusion of the program with the Product Placement in the broadcast, while such a change does not affect the conditions agreed in the Campaign Agreement. For these purposes, the programme shall be considered not to be broadcasted in case the programme is not broadcasted within 6 months as of the date of the planned deployment set by the Broadcaster.
- 12.3 Upon written request of the Orderer, the Supplier will show the recording of the programme to the Orderer at the time specified by the Broadcaster and at its headquarters, if applicable, or the Supplier can send the Orderer a recording of the programme.

In the event that the Orderer does not do so within the deadline according to the previous sentence, it shall be deemed that it agrees with the form of the Product Placement. In the event that the Orderer justifiably refuses the form of the Product Placement in the program, the Broadcaster is entitled to broadcast the program, but the Orderer shall not be obliged according to the previous sentence and the obligation to pay the Supplier the Resulting Price for the Product Placement (this does not affect the right of the Broadcaster to remove the given part from the program).
- 12.5 The Orderer acknowledges that all the rights and obligations of the AVMSOD Broadcaster and Operator apply to the programme and Product Placement according to the relevant legal regulations.
